Where Technology Meets Business

Through our experience on both sides of the table, GroupeX understands the impact that a Time and Attendance solution implementation can have on your business. We know what's at stake for your organization and will help you build a solution that integrates HR business and HR technology.

Application Managed Services

While your software vendor provides support for the base product, our experts will ensure that you maximize your software investment by standing up enhancements as they become available. This includes support for:

- Configuration error fixes
 - Interface updates
 - CBA pay changes
- Regulatory pay changes
- Future enhancements

SAP Time and Attendance by WorkForce Software

Do more in less time with SAP Time and Attendance by WorkForce Software. Expect greater insight with real-time workforce tracking, including:

- Complex union and pay rules easily configurable through a powerful rules engine
- Real-time access to current and future bank balances
- Accurate tracking of labor costs

Advanced Scheduler

Ideal for complex shift schedules, Advanced Scheduler allows you to manage a workforce of any size, with greater confidence and fewer errors.

- Auto-generate schedules
- Effectively manage overtime costs by scheduling the right people at the right time
- Automatically call out the best resources to fill open positions

Absence Compliance Tracker

Ensure that you're always up-to-date on changes in local and national rules. Absence Compliance Tracker supports regulatory updates to enable compliance, including:

- Comprehensive case management for protected leaves
- Best practice compliance workflows
- Standard documentation based on regulatory guidelines

Fatigue Management

Maintaining the health of your workforce is paramount to remaining efficient, risk-averse and responsible. Discover how your organization can quickly implement a worker fatigue management system for:

- Pro-active insight into potential fatigue based on assigned schedules and employee's worked times
- Built-in mitigation of fatigue occurrences
- Improved employee morale

Why GroupeX?

- Proven implementation methodology for quality enhancements
- Deep application experience through 55+ WorkForce Software projects
- Expertise in Time & Attendance Best Practices
- Global deployment and compliance expertise
 - Flexible and adaptable delivery
 - By request initiatives
